PROFESSIONAL SUMMARY

Innovative Frontend Developer with strong expertise in React.js and a flair for creating responsive, high-performance web applications. Proficient in collaborating and integrating with server-side APIs. Skilled in leveraging Generative AI and rapidly learning new technologies to enhance the development process.

PROJECTS

1. The Recipes App | 🌐 | 📱

Responsive Web Design | Next.js | Tailwind CSS | TypeScript | JavaScript | HTML5

- Developed a modern and responsive Recipe App using Next.js for server-side rendering and dynamic routing.
- Implemented TypeScript to ensure type safety and Tailwind CSS for mobile-first responsive design.
- Optimized application for speed and performance, offering a fast loading and SEO-friendly experience.
- Ensured cross-platform compatibility for both mobile and desktop devices through responsive design techniques.
